LASTING MEMORIES

The school year of '68-'69 is over. We may never relive any part of it again. Time goes on and nothing remains the same. What we gain from this year will always remain with us. The knowledge we acquired can never be taken away from us by anybody no matter how strong or powerful. All that we have left is memories that will stay with us throughout our lives.

The '68-'69 school year leaves us with many pleasant memories. School provides us with both an academic life and a social life both equally important. We now look back on that great game, or that special guy or girl and feel glad that we were a part of this year. Every student played his or her very special part and important role this year that made it what it was.

The Annual Staff has chosen "Lasting Memories" as its theme. The Easterner has attempted to provide the students with an account of the year's important events and school life in general. It is our hope that this annual provides you with a means of remembering the cherished happenings of the school year of '68-'69.

For her talent, Sheila sang and played the clarinet to the song, "Birth of the Blues." Cindy sang "What Now My Love" in both English and French. SUMMER GOVERNMENT

Jim Ridge, Dennis Ginder, Tom Seltenright, Sheila Reinoehl, Sandy Bissell, Gary Willibey.

Each summer the American Legion and American Legion Auxiliary sponsors a governmental program for boys and girls going into their senior year. The program consists of a very worthwhile week spent in the study of the state government.

Delegates from all over the state actually run their own state government. They are divided into two political parties and then organize precincts, cities, and counties which they run the entire week.

Highlights of the week consist of many varied and interesting assemblies and speakers, along with the campaigns, caucuses, and elections. Officials are elected from governor of the state, to county and city officials, and each delegate has a chance to run for an office.

The week is a marvelous experience for all who attend and each representative returns home with new friends and a new understanding of the way our government is run.

This years annual staff began by gathering advertisements from the local businesses. This started the year rolling in full swing.

Many hard hours were spent in selling stationery and other money-making projects. There was then a committee appointed to select the cover and dividing pages. The talents of the staff included writers, photographers, salesmen, typists and proofreaders. This annual is unique and unusual because of the many candid shots which very few annuals contain.

The purpose of the Eastern is to provide the students with a memorable account of the high school year.

By outscoring their opponents 598--580, the Sparks, (freshman basketball team) completed their season with a 7--8 record. The team got off to a slow start winning only one of the first seven games, but the hardwooder's blazed back winning six of their next eight. The Sparks' big victories were over Angola, Hicksville, Central Noble, Fremont, Carroll, and Hamilton. The Freshman team was the first Eastside team to chalk up a victory this year. They have gained valuable experience, and should be a great asset to the Blazers in years to come.

The production of this book presented me with many challenges, but with the help of my competent staff, many of the challenges were conquered. It is impossible to realize the amount of effort that goes into a book, until one takes part in a yearbook's production. The members of the 1969 Easterner Staff all tried to help in any way they could. Without them, this book would never have become a reality.

I want to thank Vickie Sherer for the many hours she worked as Business Manager. Vickie took care of the advertising and all of the financial aspects of the book.

I would also like to thank Mr. Alfred Sherer our advisor, and Mr. Robert Williams our principal. Mr. Sherer was always willing to give advice and listen to a new idea. Mr. Williams was quite lenient in scheduling picture taking sessions.

The purpose of the 1969 Easterner was to provide you with an account of the 1968-69 school year. If this book brings back many "Lasting Memories" it can be considered a success.

Yours truly,

Mike Kimpel
